Independent Auditors' Report

To the Honorable County Mayor and
Board of County Commissioners of
Orange County, Florida:

We have audited the accompanying basic financial statements of the Orange County Convention Center of Orange County, Florida (the "Center") as of and for the years ended September 30, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of the management of Orange County, Florida. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note A to the financial statements, the financial statements referred to above present only the Center and do not purport to, and do not, present fairly the financial position of Orange County, Florida, as of September 30 2010 and 2009, and the changes in its financial position and its cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Orange County Convention Center of Orange County, Florida as of September 30, 2010 and 2009, and the changes in financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the Center's basic financial statements. The supplementary information, listed in the foregoing table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements of the Center. The supplementary information on pages 37 through 41 has been subjected to the auditing procedures applied in our audit of the basic financial statements for the year ended September 30, 2010 and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole. The supplementary information on pages 42 through 45 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

As discussed in Note A, the Center is administered by the Orange County, Florida Board of County Commissioners, for which, in accordance with *Government Auditing Standards*, we have issued a report on our consideration of the Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

ORANGE COUNTY CONVENTION CENTER
NOTES TO FINANCIAL STATEMENTS
for the years ended September 30, 2010 and 2009

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Purpose:

The Orange County Convention Center (the Center) is owned and operated by the Orange County Board of County Commissioners, Orange County, Florida, an elected body (the Board). The Center serves as a multi-purpose facility designed for conventions, trade shows, exhibits, and other community activities. The Orange County Comptroller, an elected official, provides the accounting and financial reporting functions for the Center. The Center is accounted for as an enterprise fund of the Board.

The Center was formally dedicated and opened on February 26, 1983. The Phase II expansion was opened in January 1989. The Center opened the Phase III expansion in January 1996 and the Phase IV expansion in July 1996, completing the facility currently known as the West Complex. The construction of the North-South Complex (the Phase V expansion project) was completed in September 2003. Land has been purchased for future expansion of the Center.

Basis of Presentation:

The Center uses the enterprise fund concept of accounting. Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that expenses of services provided to customers, as well as depreciation, amortization, and interest, be recovered primarily through user charges.

Basis of Accounting:

The financial statements have been prepared on an accrual basis. Revenues are recognized when earned and expenses are recognized when incurred. In addition, the financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. Pursuant to the election option made available by Governmental Accounting Standards Board (GASB) Statement No. 20, pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989, are not applied in the preparation of the financial statements.

Budgetary Data:

Florida Statutes require the Board to adopt an annual budget for the Center on an accrual basis. Revenues and expenses are budgeted on a basis consistent with generally accepted accounting principles except that depreciation, amortization, noncash capital contributions, and gains/losses on the disposal of assets are not budgeted, capitalized net interest costs on funds borrowed to finance the construction of capital assets are budgeted as interest income and interest expense, capital outlays are budgeted as expense, and debt proceeds and

principal payments are respectively budgeted as revenue and expense. Beginning net assets and expenditure reserves are also included in the adopted budget. Encumbrance accounting, under which purchase orders are recorded as a reservation of available budget, is practiced during the year. At year end, outstanding encumbrances lapse and are not presented in the financial statements.

The annual budget is subject to amendment during the year. The County Administrator is authorized to approve transfers of appropriations between individual expense accounts. The Board, by motion, may approve transfers of appropriations between a reserve account and an expense account. The Board, by resolution recorded in the minutes, may add to the overall appropriations of the Center due to a financing source unanticipated when the original budget was adopted or due to increased revenues above the level contemplated in the original budget. Amendments to overall appropriations for any other reasons also require a public hearing prior to adoption. During the 2010 fiscal year, the budget was increased by \$165 million, due primarily to the issuance of bonds in September 2010. During the 2009 fiscal year, the budget was increased by \$77 million, due primarily to the issuance of bonds in September 2009.

Cash and Cash Equivalents and Investments:

The Center's cash and cash equivalents consist of cash on hand, demand and time deposits, and highly liquid investments (including restricted assets) with a maturity of 90 days or less when purchased. With the exception of cash and investment balances held for debt service requirements, the Center's cash balances are pooled with other funds of the County for investment purposes. The County investment pool allows all participating funds the ability to deposit and withdraw cash daily as needed, and therefore all balances representing participants' equity in the investments pool are classified as cash equivalents for purposes of these statements. Earnings from the pooled investments are allocated to the Center based on cash participation in the pool. All investments are stated at fair value. Investment fair values are based on quoted market prices, except for bankers' acceptances and commercial paper, which are based on accreted value. Mutual funds, which are SEC 2a-7 investment pools, are stated at share price which is substantially the same as fair value.

Accounts Receivable and Revenue Recognition:

Convention service revenues are recognized when earned, with an allowance for accounts considered to be uncollectible.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Restricted Assets:

The use of certain Center assets is restricted by specific provisions of bond indentures and agreements with various parties. Assets so designated are identified as restricted assets on the balance sheet. It is the Center's policy to first apply restricted assets when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Restricted assets are classified as noncurrent if they are for acquisition or construction of capital assets, for liquidation of long-term debts, or are for other than current operations.

Note Receivable:

On January 30, 2007, the Board entered into an agreement with Hilton-OCCC Hotel to provide a no interest loan in the amount of \$2.2 million to Hilton-OCCC Hotel for the construction of an above-ground pedestrian access facility. The agreement provided for \$1.1 million to be drawn upon issuance of a building permit for the access facility, with the remaining \$1.1 million to be drawn upon substantial completion of the facility. Hilton-OCCC began repayment of the note upon commencement of operations of the hotel. The entire amount is being repaid over a period not to exceed six years from the date of issuance of the Certificate of Occupancy for the Hilton-OCCC Hotel on August 25, 2009. As of September 30, 2010 and 2009, the amount of the note outstanding was \$1.95 million and \$2.20 million, respectively.

Capital Assets:

Capital assets are stated at cost when purchased or constructed, or at fair market value when donated to the Center. The Center capitalizes expenditures for additions and improvements. The thresholds for capitalization of assets range from \$500 to \$25,000, depending on the asset class. Expenses for maintenance and repairs are charged to operations. Projects under construction are retained in Construction in Progress and are transferred into Buildings and Improvements when placed in service. Provisions for depreciation are made using the straight-line method, based upon the following estimated useful lives of the assets:

Buildings	20-50 years
Improvements other than buildings	5-50 years
Machinery and equipment	3-10 years

In fiscal year 2000, the Board entered into an agreement with Orlando Utilities Commission (OUC) which called for ownership of certain chilled water air cooling equipment to be transferred from the Center to OUC. In return, OUC is providing reduced rates for electric service for 20 years. The Center records these rights as intangible capital assets to be amortized over the 20-year life of the agreement.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

In October 2008, the Center and the Board's Environmental Protection Division developed a project in partnership with the State of Florida and OUC that resulted in Central Florida's first large-scale solar energy photovoltaic system (the "Project"). The roof of Phase V of the Center provided a unique opportunity for a photovoltaic system of this size. The Center provided approximately \$4.3 million to the Project for the exclusive right to receive all the electricity generated by the Project at no cost. The Board holds all right, title, and interest in the Project facilities. The Center recognizes these rights as an intangible capital asset that will be amortized over the 30-year anticipated life of the Project.

Accounts Payable and Accrued Liabilities:

Current liabilities reported as accounts payable and accrued liabilities were comprised of the following components at September 30:

	2010	2009
Due to vendors and other agencies	\$ 9,219,555	\$ 7,738,996
Salaries and benefits payable	2,575,598	2,410,938
	\$ 11,795,153	\$ 10,149,934

Unearned Revenue/Forfeited Deposits:

As the Center enters into contracts for rental of space for future events, certain amounts are collected in advance in order to secure the facility on the specified dates. These amounts are reported as unearned revenue until the event occurs, at which time operating revenue is recognized. If the lessee cancels the event, and the Center is unable to re-let the space, the amounts collected in advance are retained by the Center, and recognized as forfeited deposit revenue.

Obligation for Bond Arbitrage Rebate:

Pursuant to Section 148(f) of the U.S. Internal Revenue Code, the Center must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five-year anniversary of the respective debt issue. As of September 30, 2010 and 2009, the Center had no outstanding arbitrage liability.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Compensated Absences:

The Center accrues a liability, with a corresponding charge to current operations, for employees' rights to receive compensation for future absences to be subsequently taken or paid at point of employment termination in accordance with GASB Statement No. 16. The liability for compensated absences was \$2,600,544 and \$2,633,673 at September 30, 2010 and 2009, respectively. Of these amounts, \$1,733,210 and \$1,669,570, respectively, is expected to be paid out within one year and thus is included in current liabilities; the remainder is reported as noncurrent. The current portion is based on the average annual amount of leave charged over the preceding three years.

Operating and Nonoperating Revenues:

The Center reports as operating revenues all charges for services generated through rental of the facility, including hall and room rentals, fees for support services associated with events, and commissions from vendors. Other revenues, including tourist development taxes, interest revenue, and hotel surcharge revenue, are classified as nonoperating.

Capitalization of Interest:

As required by the interest topic of the FASB Accounting Standards Codification, the Center capitalizes net interest costs on funds used to finance the construction of capital assets. For the 2010 and 2009 fiscal years, no interest cost was capitalized, because the net amount of interest costs on funds used to finance the construction of capital assets was immaterial.

The total interest cost for the Center was \$45,758,747 and \$46,393,467 for the fiscal years ended September 30, 2010 and 2009, respectively.

Bond Amortization Costs:

Bond premium, discount, and costs associated with issuance of long-term debt are being amortized over the life of the debt using the interest method. Some of these costs are capitalized as noted above. Also, in accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of defeased debt in refunding transactions is being amortized over the shorter of the life of the old debt or the life of the new debt using the interest method. Amortization of bond issuance costs which is not capitalized is recorded as a non-operating expense, and amortization of bond premium and discount and the deferred amount on refunding which are not capitalized are recorded as components of interest expense. Amortization of these bond costs for the fiscal years ended September 30, 2010 and 2009 was as follows:

The Center deposits all cash and investments, with the exception of balances for debt service requirements, in the County's investment pool portfolio. Funds required to be provided for debt service are maintained by the Center separately from the pooled investments. Investment balances by type, included in the County's investment pool, are presented above based on the Center's proportionate share of the investment pool portfolio.

Credit Risk:

The Board's Investment Policy (Policy) limits credit risk by restricting authorized investments to the following: direct obligations of the United States Government or its agencies and instrumentalities, direct obligations of states and municipalities, repurchase agreements, Florida PRIME administered by the Florida State Board of Administration (SBA), commercial paper, bankers' acceptances, and mutual funds. The Policy requires that investments in

federal instrumentality debt be guaranteed by the full faith and credit of the U. S. Government sponsored agency, and that investments in money market mutual funds have a Standard & Poor's rating of AAAm or AAAg. Eligible money market mutual funds are limited to those comprised of direct obligations of the U.S. Government or its instrumentalities, repurchase agreements, commercial paper, and bankers' acceptances.

Concentration of Credit Risk:

The Policy establishes limitations on portfolio composition, both by investment type and by issuer, in order to control concentration of credit risk. The Policy, which pertains to the overall portfolio of the Board and is not monitored at the individual fund level, provides that a maximum of 45% of the portfolio may be invested in Federal instrumentalities, with a limit of 15% of the portfolio invested in any one issuer; and that a maximum of 15% of the portfolio may be invested in prime Commercial Paper, with a limit of 2.5% of the portfolio invested in any one issuer. As of September 30, 2010 and 2009, there are no concentrations of credit risk beyond the stated policy.

Custodial Credit Risk:

The Policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to access its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2010 and 2009, all of the Center's bank deposits were in qualified public depositories.

The Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the Board's name. As of September 30, 2010 and 2009, all of the Center's investments were held in a bank's trust department in the Board's name.

Interest Rate Risk:

The Policy limits the investment of current operating funds to 13 months, and the investment of noncurrent operating funds to 60 months. Bond reserves, construction funds, and other nonoperating funds may be invested for up to 10 years, subject to bond covenants and liquidity needs.

The Center's investments had weighted average maturities of 10.8 months and 9.7 months at September 30, 2010 and 2009, respectively. The portfolio did not contain any callable securities as of September 30, 2010. The money market mutual funds have a weighted average maturity of not more than 90 days.

F. REVENUE BONDS PAYABLE, Continued

The total principal and interest remaining to be paid on all outstanding series of bonds was \$1,398,484,370 and \$1,496,510,912 as of September 30, 2010 and 2009, respectively. Principal and interest paid or defeased was \$237,137,623 and \$163,456,944, and total available pledged revenue was \$121,484,085 and \$116,570,300, respectively, for the fiscal years ended September 30, 2010 and 2009.

All series of Tourist Development Tax revenues bonds outstanding are payable on a parity basis solely from all available tourist development taxes, net operating revenues of the Center, investment earnings, pledged fifth cent tax proceeds, naming rights revenues, and moneys held in certain accounts established by the Bond Indenture. The Bond Indenture specifies the order of priority in which revenues (Tourist Development Tax Revenues, Pledged Fifth Cent Tax Proceeds, Operating Revenues, and Naming Rights Revenues) are to be deposited into these accounts. The purposes of the various accounts, in order of priority of monthly revenue transfers, are as follows (priorities established with regard to junior lien debt are omitted as past junior lien debt has ascended to parity status):

Tourist Development Tax Revenues (first four cents of levy):

Operating Revenue Account - Deposit an amount sufficient to cover an emergency payment, formally determined by the Board, required because of a temporary shortage of Gross Operating Revenues and needed for the payment of Priority Expenses of Operation, Maintenance and Promotion.

Principal and Interest Accounts - Deposit an amount on or before the 15th day of each month, together with amounts from the Pledged Fifth Cent Tax Fund, sufficient to satisfy the monthly debt service requirement for the bonds.

Bond Reserve Account - Deposit an amount sufficient to assure that the total of cash on deposit plus the amount available under the surety bond is not less than the maximum annual debt service requirement of \$72,724,074.

Rebate Account - Deposit an amount required to pay the rebate requirement on account of the bonds to the U.S. Treasury as required by applicable law.

Operating Revenue Account - Deposit an amount sufficient to remedy any deficiencies and to provide a 30-day operating reserve for operation, maintenance, and promotion expenses of the Center.

F. REVENUE BONDS PAYABLE, Continued

Renewal and Replacement Reserve Account - All pledged revenues remaining in the Enterprise Fund shall be deposited in the Renewal and Replacement Reserve Account for the purpose of: first, to remedy any deficiency in the Principal and Interest Accounts; second, to remedy any deficiency in the Bond Reserve Account; third, to pay expenses of operation, maintenance and promotion due to an insufficiency in the Operating Revenue Account; fourth, to repay any Supplemental Revenues with interest, so supplied; and fifth, to make such other payments as are designated in the Tourist Development Plan or otherwise approved by the Board.

Pledged Fifth Cent Tax Proceeds:

All pledged fifth cent Tourist Development Tax revenues shall be paid into the Pledged Fifth Cent Tax Fund, and shall be applied as follows: first, to the Principal and Interest Accounts to provide for the monthly debt service requirement for the bonds; second, to provide any requirement for principal or interest payment on the bonds prior to making such payment from the Bond Reserve Account; third, to remedy any deficiency in the Bond Reserve Account; and fourth, for any other lawful purpose.

Operating Revenues:

All gross operating revenues will be deposited into the Operating Revenue Account and will be applied as follows: first, to payment of Priority Expenses of Operation, Maintenance and Promotion; and second, to payment of any other budgeted expenses of the Center's operation. All remaining moneys will be applied as follows: first, to payment of monthly bond interest and principal requirements, if needed; second, to any required payment into the Bond Reserve Account; and third, for any other lawful purpose.

Naming Rights Revenues:

Moneys received from the sale of the right to name all or a portion of the Center shall be paid into the Naming Rights Revenue Account, to be applied as follows: first, to pay Priority Expenses of Operation, Maintenance and Promotion, if needed; second, to satisfy the monthly principal and interest debt service requirement; third, to remedy any deficiency in the Bond Reserve Account; and fourth, any moneys remaining shall be transferred to the Board's general fund.

G. RETIREMENT SYSTEM

Plan Description:

The Center's employees participate in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. Employees elect participation in either the defined benefit plan ("Pension Plan"), a multiple-employer cost-sharing defined benefit retirement plan, or the defined contribution plan ("Investment Plan") under the FRS. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. Regular class employees who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Vested employees with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special risk class employees (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation for each year of credited service. Senior Management Service class employees who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation for each year of credited service. Elected Officers' class employees who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation for each year of credited service. A post-employment health insurance subsidy is also provided to eligible retired employees through the FRS in accordance with Florida Statutes.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program (DROP). This program allows eligible employees to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

G. RETIREMENT SYSTEM, Continued

For those employees who elect participation in the Investment Plan rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self-direction in an investment product with a third party administrator selected by the State Board of Administration.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the website www.frs.state.fl.us.

Funding Policy:

The FRS is noncontributory for members. Governmental employers are required to make contributions to the FRS based on state-wide contribution rates. These rates are updated as of July 1 of each year. The contribution rates by job class at September 30, 2010 were as follows: regular--10.77%; special risk--23.25%; special risk administrative support--13.24%; county elected officers--18.64%; senior management--14.57%; and DROP participants--12.25%. The contribution rates by job class at September 30, 2009 were as follows: regular--9.85%; special risk--20.92%; special risk administrative support--12.55%; county elected officers--16.53%; senior management--13.12%, and DROP participants--10.91%.

The Center contributed to the plan an amount equal to 10.27% and 10.02% of covered payroll during the fiscal years ended September 30, 2010 and 2009, respectively. Center contributions to the FRS for the fiscal years ending September 30, 2008 through 2010 were \$1,713,589, \$1,740,410 and \$1,680,487, respectively, which were equal to the required contributions for each fiscal year. The Center has historically contributed amounts equal to required contributions and, therefore, does not have a pension asset or liability as determined in accordance with GASB Statement No. 27.

H. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN

In addition to the pension benefits described in Note G, the Center offers an OPEB Plan that subsidizes the cost of health care for its retirees and eligible dependents. The OPEB Plan is reported in accordance with GASB Statement No's. 43 and 45. Employees of the Center with at least 10 years of combined service under the Center and/or any other Board department or any of five county officers (County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, Tax Collector) who retire and immediately begin receiving benefits from the Florida Retirement System (FRS) are eligible to receive a monthly benefit of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, the monthly benefit may be vested for commencement at such deferral date. Additionally, employees of the Center who retire and immediately begin receiving benefits from the FRS have the option of continuing in the Board's health insurance plan at the same group rate as for active employees.

H. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLAN, Continued

The Board has established the Orange County Retiree Health Care Benefit Trust (Trust) for the Board and the five county officers noted above and engages an actuarial firm to determine each participant's actuarially determined annual OPEB Cost (AOC) and unfunded obligation. Through its ownership of the Center, the Board's total AOC payment to the Trust includes an allocated contribution from the Center. For fiscal year 2010, the Center's AOC payment was \$225,676, representing 1.38% of the Center's covered payroll amount of \$16,368,984. For fiscal year 2009, the Center's AOC payment was \$212,590, representing 1.22% of the Center's covered payroll amount of \$17,376,319. A full presentation of the Trust and OPEB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

I. INSURANCE COVERAGE

The Board maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. The Center participated in the self-insurance program during fiscal years 2010 and 2009 at an annual cost of \$3,088,912 and \$3,034,863, respectively. There has been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2010.

J. TOURIST DEVELOPMENT TAX REVENUE

Pursuant to Section 125.0104, Florida Statutes, the County's Ordinance No. 78-7 enacted on March 16, 1978, as amended, and a referendum approved by the voters of the County, the Board levied the Tourist Development Tax effective May 1, 1978. The Tourist Development Tax was initially imposed at the rate of two percent of total rent paid for lease of any living quarters located in the County for a term of six months or less. Effective June 1, 1986, the Board increased the rate of the Tourist Development Tax to three percent, and effective October 1, 1989, the Board increased the rate to four percent. The tax was initially collected by the Florida Department of Revenue, but is currently collected and administered by the Orange County Comptroller in accordance with an ordinance adopted by the Board in October 1991. Pursuant to the original ordinance and bond covenants, the tax proceeds are applied as described in Note F.

On December 13, 1994, the Board authorized the levy of an additional one percent of Tourist Development Tax effective February 1, 1995. Per Section 125.0104(3), Florida Statutes, the fifth cent was, at the time of levy by the Board, restricted for the purposes of the construction, reconstruction, or renovation of a professional sports franchise facility. The permitted purposes have since been broadened in the statute, and during the 2000 fiscal year, the Board adopted the Second Amended and Restated Indenture of Trust that, among other things, included the fifth cent tax revenues in the pledged revenues securing all Tourist Development Tax Revenue Bonds.

J. TOURIST DEVELOPMENT TAX REVENUE, Continued

On July 18, 2006, the Board approved the levy of an additional one percent of Tourist Development Tax effective September 1, 2006, bringing the total levy to six percent. Section 125.0104(3), Florida Statutes, authorizes the levy of the additional one percent tax, the sixth cent, to fund certain purposes including debt service on bonds issued to finance the construction of, or reconstruction or renovation of, facilities for certain professional sports franchises, and the promotion of tourism. The sixth cent tax revenues are not pledged to the payment of any of the outstanding Tourist Development Tax revenue bonds. The Board fully dedicated the use of the sixth cent tax revenues for purposes of tourism promotion and a community events facility further described in Note L.

K. HOTEL SURCHARGE REVENUE

Pursuant to an agreement dated June 12, 1979, between the Board and Orlando Central Park, Inc., three hotel sites adjacent to the Center carry the requirement that any hotel built upon those sites is obligated to pay to the Center a revenue surcharge. The surcharge amount, a nonoperating revenue restricted in its use to the Convention Center site, is set at one percent of the hotel's gross rental revenues and is payable quarterly. All three of the designated sites were developed as hotels, and they remitted the surcharge to the Center on a quarterly basis through the end of the agreement on December 27, 2009.

L. PAYMENTS TO OTHER AGENCIES

Prior to fiscal year 2000, the Board committed to contribute \$750,000 per year plus one-half of one cent of the Tourist Development Tax levy, plus an additional \$7.3 million per year to the Orlando/Orange County Convention and Visitors Bureau, Inc. (Bureau), a not-for-profit corporation that is dedicated to promotion of local community tourist activities and facilities. Also, the Board agreed to pay the Bureau a portion of the sixth cent Tourist Development Tax from inception of its levy.

For the 2010 and 2009 fiscal years, the total contribution to the Bureau was \$29,847,361 and \$28,918,374, respectively. In addition, the Board contributed \$272,500 and \$347,500 in fiscal years 2010 and 2009, respectively, to other agencies for purposes of promoting tourism in Orange County in connection with various events.

On August 6, 2007, an Interlocal Agreement between the Board, the City of Orlando, and the City of Orlando Community Redevelopment Agency received final approval. The primary purpose of the Agreement is to provide certain Tourist Development Tax proceeds to the City for a portion of the funding needed for renovation of the Citrus Bowl and construction of a new Performing Arts Center and new Events Center. Total cost for all projects is anticipated to be \$909 million. Based on specified criteria, a calculated portion of the first four cents levy of Tourist Development Taxes will be paid once each fiscal year to the City for the Citrus Bowl

and Performing Arts Center projects from prior year actual tax proceeds, and a portion of sixth cent tax revenues will be paid on a monthly basis to the City for the Events Center project, designated to replace the Amway Arena. These payments are scheduled to be made for the earlier of 30 years or until the associated debt issued by the City is defeased or redeemed in full. For fiscal years 2010 and 2009, the monthly sixth cent tax revenue payments to the City of Orlando totaled \$15,140,101 and \$14,672,396, respectively. Due to a decreased level of collections of Tourist Development Taxes in fiscal years 2009 and 2010, no payments from the first four cents levy are due in fiscal years 2010 and 2011.

M. COMMITMENTS AND CONTINGENCIES

Outstanding commitments under operating and construction contracts for the Center total approximately \$5.1 million and \$8.8 million at September 30, 2010 and 2009, respectively.

The Center is a party in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the Board's self-insurance program. While the results of litigation cannot be predicted with certainty, management believes the final outcome of such litigation will not have a material adverse effect on the Center's financial position.

N. TRANSFERS OUT

In 2002, the Board adopted a resolution creating the Arts and Cultural Tourism Fund, a separate special revenue fund for the purpose of supporting tourism-related arts and cultural events and facilities. The specified revenue for this fund is derived from a three percent portion of the first four cents of Tourist Development Tax receipts. Pursuant to Board authorizations, transfers of \$2,455,159 and \$2,844,194, respectively, to the Arts and Cultural Affairs Tourism Fund were recorded in the 2010 and 2009 fiscal years.

Beginning in fiscal year 2006, the Board authorized annual transfers to the General Fund for reimbursing the operation and maintenance expenses of the Orange County Regional History Center, up to an annual maximum funding amount, initially set at \$2,500,000, and subject to annual approval by the Board. Transfers of \$2,390,979 and \$2,380,483 respectively, were made in fiscal years 2010 and 2009 for this purpose.
