

RESOLUTION NO. _____

A RESOLUTION AMENDING THE BOARD'S RESOLUTION CONCERNING THE LOCATION, SIZE AND PLAN OF PUBLIC AND PRIVATE SEWER AND WATER FACILITIES WITHIN THE UNINCORPORATED AREAS OF ORANGE COUNTY, FLORIDA, DATED JULY 18, 1972; AMENDING SECTION ONE OF THE RESOLUTION TO DELETE THE COUNTY FROM THE TERM "PERSONS"; PROVIDING AN EFFECTIVE DATE.

PREMISES

1. The Board of County Commissioners of Orange County regulates, owns, operates, and maintains a number of sewerage systems in the unincorporated area of Orange County pursuant to all applicable sections of constitutional, general, and special law.

2. Under the Sewer and Water Element of the Orange County Growth Management Policy, the County has set the following objectives:

- a. Encourage future development patterns that take advantage of the present wastewater and water facility investments and available capacity;
- b. Encourage a future development pattern that produces the most effective provision of wastewater and water services and minimizes the capital cost of providing those utility services;
- c. Encourage the regionalization of wastewater and water facilities only to the extent that this action will insure the provision of a more efficient and cost effective public service; and
- d. Encourage future consolidation of wastewater and water systems where it is economically feasible to prevent fragmented provision of services and differing of services.

3. In order to accomplish these objectives, the Board of County Commissioners certified the existence of a valid public emergency in order to obtain consulting engineers to plan, design, and construct additional sewage treatment facilities to generate the necessary additional treatment capacity needed within the County's service area.

4. Since 1972, the Board of County Commissioners has adopted a series of sewer regulations by resolution including, but not limited to, a resolution concerning the location, size, and plan of public and private sewer and water facilities within the unincorporated areas of Orange County, dated July 18, 1972.

5. While the resolution is still necessary to regulate public and private utilities other than the County within the unincorporated areas of Orange County, there is no reason to require the County to undergo the procedures contained in the resolution.

APPROVED BY THE BOARD OF COUNTY
COMMISSIONERS OF ORANGE COUNTY

SEP 3 1981

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF
ORANGE COUNTY:

Section 1. Section 1 of the resolution concerning the location, size and plan of public and private sewer and water facilities in the unincorporated areas of Orange County dated July 18, 1972, is amended to read as follows:

"1. Upon the effective date of this resolution, all persons who desire to construct, reconstruct, expand, install, operate, and maintain public and private sewer and water substations, treatment plants, pumping stations, and holding tanks within the unincorporated areas of the County shall make application therefor to the Sewer and Water Department of the County, upon forms to be approved by the Board of County Commissioners and issued by that Department, and upon payment of a fee of Fifty (\$50.00) Dollars. The term "persons" as used in this Section does not include the County."

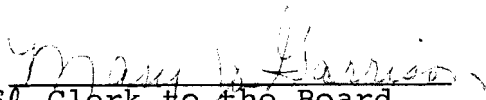

Section 2. This Resolution shall take effect upon adoption.

RESOLVED THIS 3rd DAY OF September, 1981.

BOARD OF COUNTY COMMISSIONERS
OF ORANGE COUNTY

BY: 
Chairman

ATTEST:

Dep. Clerk to the Board
of County Commissioners
