

RESOLUTION NO. 83-SW-13

AUG 01 1983

A RESOLUTION SETTING FORTH A PRELIMINARY REVISED
WASTEWATER AND POLLUTION CONTROL CHARGE SCHEDULE;
AUTHORIZING A PUBLIC HEARING; PROVIDING AN EFFECTIVE
DATE.

PREMISES

1. The Board of County Commissioners of Orange County establishes and collects rates, fees and charges for its sewer system pursuant to Ch. 125 and Ch. 153, Fla. Stat.

2. As a result of inflation, increased stringency of environmental regulatory requirements, U.S.E.P.A. user charge regulations, and federal consent decree requirements, the Board must review and modify its sewer rates and sewer rates structure.

3. The Board previously authorized its continuing sewer consultants, Camp, Dresser, and McKee, Inc. to prepare a final report on the County's sewer cost determination and rate-setting methodology.

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF ORANGE COUNTY:

Section 1. The Board hereby sets forth a preliminary revised wastewater and pollution control charge schedule, attached hereto and incorporated herein as Exhibit "A". If adopted, a preliminary schedule will replace the current wastewater and pollution control charge schedule.

Section 2. The Board also directs that a public hearing be scheduled, pursuant to §153.11(3)(a), Fla. Stat. to allow public comment on this preliminary revised wastewater and pollution control charge schedule.

RESOLVED THIS 1st DAY OF AUGUST, 1983.

ORANGE COUNTY, FLORIDA

By: Bob Treachy
Chairman, Board of County
Commissioners

ATTEST: THOMAS H. LOCKER
Clerk to the Board of
County Commissioners:

By: Mary Jo Garrison
Deputy Clerk

FOOTNOTES

- (1) Bills for sewer service shall be rendered monthly in accordance with applicable state law.
- (2) In addition to the Minimum Monthly Charge, all customers (other than those customers who pay flat rates or industrial customers paying other individually established volume charges) shall pay a Volume Charge based on metered water consumption. The following classes of customers shall not be charged a Volume Charge for sewage discharge (as measured by metered water consumption) in excess of the following gallon amounts:

Residential, Single Family	14,000 gallons per month
Multiple Residential, 2-4 Units	25,000 gallons per month
Mobile Homes	14,000 gallons per month
