SUBJ: Construction of Speed Humps on W. Ella J Gilmore Street

At the request of the residents on W. Ella J Gilmore Street, a speed hump survey was mailed to the property owners. This was to determine if the property owners supported the installation of speed humps on W. Ella J Gilmore Street. If two-thirds of the returned ballots from the property owners were in favor of the speed humps, the County would install the speed humps.

The result of the survey was that 76% of the returned ballots from property owners supported the installation of speed humps. The current plan is to install three speed humps on W. Ella J Gilmore Street between Marden Road and S. Hawthorne Avenue. The project is being funded by the South Apopka Safe Neighborhoods and Public Works.

Action Requested: Approval to construct speed humps on W. Ella J Gilmore Street between Marden Road and S. Hawthorne Avenue. District 2.
