The Florida legislature adopted numerous amendments to the state law regulating Red Light Cameras Program which were approved by the Governor on June 12, 2013 (Chapter 2013-160, Laws of Florida) with an effective date of July 1, 2013.

On July 2, 2013 Orange County revised the Red Light Ordinance in accordance with the new Statute. Changes to the statute now allow the County to present Notice of Violations (NOV) to a local hearing officer and establish administrative fees. Traffic Engineering Division and the Attorney's Office will present the new legislative changes and details of a new hearing officer process.

**Action Requested: Approval of a Hearing Officer process and establishment of administrative fees.**
