REMARKS:

Three bids were received. The bid of American Environmental Group, Ltd. was determined to be non-responsible due to the lack of verifiable similar project experience. The low bidder, SCS Field Services, achieved the desired M/WBE goal with 32% participation. SCS Field Services has a satisfactory record of performance for this type of work and has been determined to be responsible.

TO: John Schmidt, Senior Contract Administrator
Procurement Division

FROM: Kesi Warren, Senior Contract Administrator 
Business Development Division

SUBJECT: Business Development Division Bid Evaluation

PROJECT: **Y14-1006-J2, Installation, Maintenance and Monitoring for Landfill Gas Collection for O.C. Landfill Cells 9 & 10 (Revised)**

The Business Development Division evaluated the 2 lowest bids submitted for this project and found that the apparent low bidder **SCS Field Services** met the Orange County MWBE participation goal of 25%. They reported 32% MWBE participation in their bid. Please note the following certified MWBE participation:

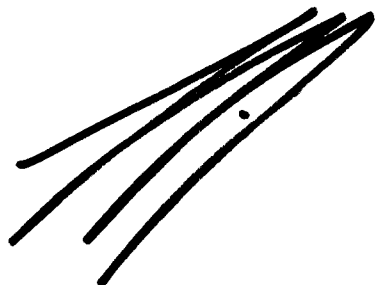

WF	Winter Garden Grassing	\$270,000.00
AFAM	Solan Trucking	\$870,000.00
Total MWBE Participation		\$1,140,000.00

The second low bid submitted by Southeast Environmental Contracting, Inc. did not meet the Orange County MWBE participation goal of 25%. They reported 6% MWBE participation in their bid and provided insufficient good faith effort documentation.

Our evaluation of these bids was based on the participation listed on the subcontractor/supplier page. If the low bidder is not chosen, please let us know so that we may obtain Letters of Intent to confirm the participation.

Attached is a spreadsheet reconciling the bidders' compliance with the IFB's M/WBE requirements, including the percentage breakdown for all bidders and a comparison of the relative bids versus participation percentages.
