SUBJECT: Approval of Amendment No. 1, Contract Y12-1099  
Red Light Enforcement System

ACTION REQUIRED:

Approval of Amendment No. 1, Contract Y12-1099, Red Light Enforcement System, with American Traffic Solutions, Inc. (ATS), in the amount of \$1,458,250, for a revised total contract amount of \$17,242,570.

PROCUREMENT:

To add an additional ten camera locations from Contract Y10-155 with ATS for a single contract to provide a comprehensive and fully integrated red light traffic safety management program.

FUNDING:

Funding is available in account line 1002-072-2718-3197.

APPROVALS:

The Traffic Engineering Division concurs with this increase.

REMARKS:

On April 9, 2013, Orange County Board of County Commissioners selected ATS to provide red light enforcement systems services. The contract was awarded on September 9, 2013. The purpose of this amendment is to consolidate the 10 cameras under Contract Y10-155 with similar requirements under Contract Y12-1099. Consolidation will provide the County with a single contract for its entire red light camera enforcement program. The cost to add these cameras will be consistent with the previous contract (Contract Y10-155). The performance period of Contract Y12-1099 runs through September 8, 2017 with three additional two year renewal terms.

Upon approval of this amendment, Contract Y10-155 will be terminated for the convenience of the County or will be allowed to expire when the performance period ends on August 4, 2014.
