SUBJ: Construction of Speed Humps on Nadia Avenue

At the request of the residents on Nadia Avenue, a speed hump survey was mailed to the property owners. This was to determine if the property owners supported the installation of speed humps on Nadia Avenue. If two-thirds of the returned ballots from the property owners were in favor of the speed humps, the County would install the speed humps.

The result of the survey was that 90% of the returned ballots from property owners supported the installation of speed humps. The current plan is to install two speed humps on Nadia Avenue between Murdock Boulevard and Grayson Drive.

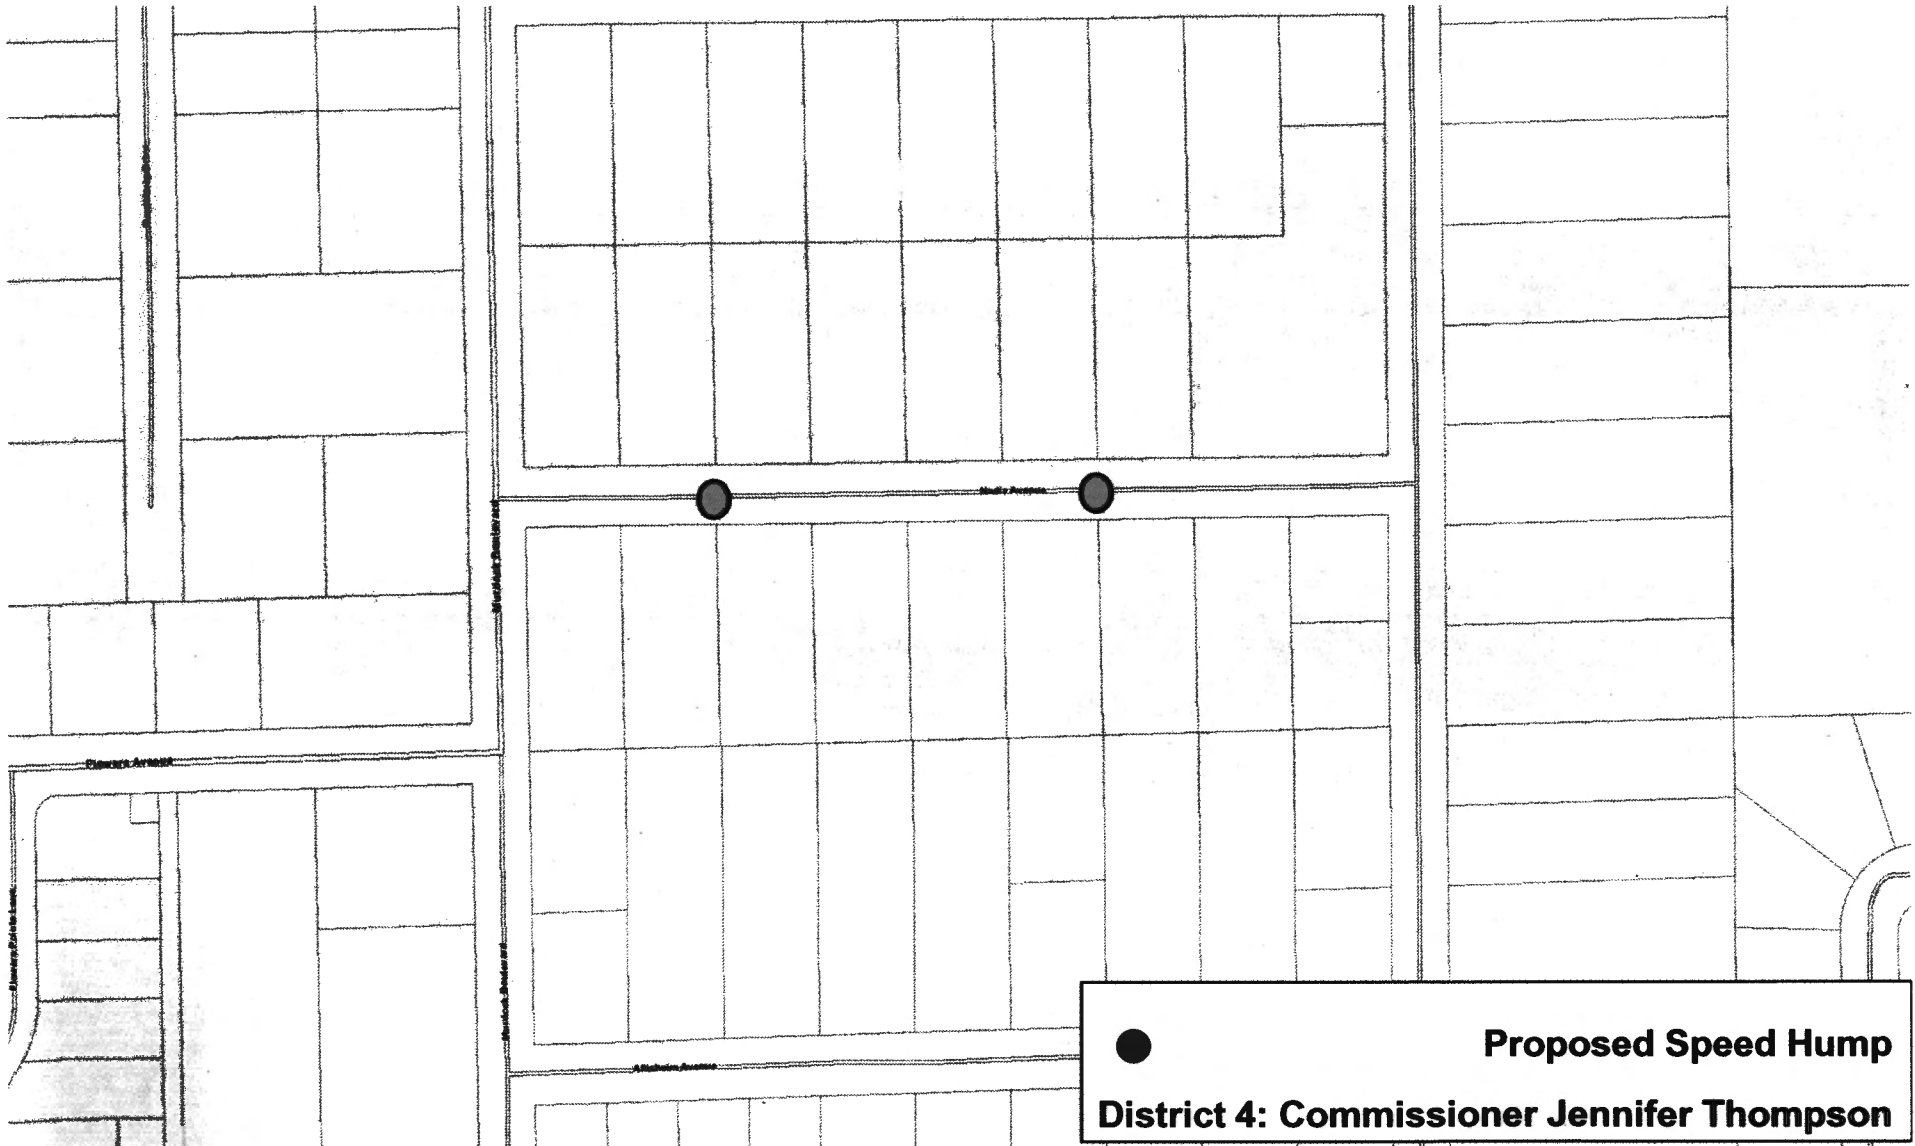

Action Requested: Approval to construct speed humps on Nadia Avenue between Murdock Boulevard and Grayson Drive. District 4.
