SUBJ: **Establishment of an All-Way "Stop" Condition at the Intersection of Bridgewater Crossing Boulevard and Keene's Pheasant Drive**

At the request of the District 1 Commissioner, the Traffic Engineering Division staff evaluated the need for an all-way "Stop" condition at the intersection of Bridgewater Crossing Boulevard and Keene's Pheasant Drive.

A study by the Traffic Engineering Division determined that under normal conditions this intersection does not meet the traditional 8-hour multi-way stop condition warrant. However, staff can support the installation of multi-way "Stop" signs at the intersection of Bridgewater Crossing Boulevard and Keene's Pheasant Drive to enhance the safety of pedestrians, bicyclist and motorist using the intersection.

Staff recommends that the Board approve the installation of an all-way "Stop" condition at the intersection of Bridgewater Crossing Boulevard and Keene's Pheasant Drive.

Action Requested: Approval to install an All-Way "Stop" condition at the intersection of Bridgewater Crossing Boulevard and Keene's Pheasant Drive. District 1.
