A handwritten signature in black ink, appearing to be "A" or similar, located to the right of the contact information.

SUBJ: Crime Prevention Cameras in the Right-of-Way – Work Session

On January 28, 2014 a presentation on Crime Prevention Cameras in the Right-of-Way was given to the Board. At the end of the presentation the Board requested a work session to discuss concerns regarding a program that will allow homeowners associations to install crime prevention cameras in the right-of-way. This works session will address the concerns raised.

The Development Engineering Division is requesting approval from the Board to proceed with allowing crime prevention cameras in the right-of-way upon completion of the work session.

Action Requested: Authorization to allow crime prevention cameras to be permitted in the public right-of-way. All Districts
