SUBJECT: June 2, 2015 – Discussion Item
Convention Plaza District Steering Review Group Update

At the June 2, 2015, Board of County Commissioners meeting, staff will bring a presentation updating the Board on the progress of the International Drive Convention Plaza District (CPD) visioning initiative. The CPD Steering Review Group has been meeting monthly since January, working through a visioning process that will frame the future of this important activity center.

Staff will discuss key land use considerations including infill and redevelopment challenges, parking strategies, and walkability, and how these challenges can be addressed. The result of the visioning process, which will be completed in December of this year, is a regulatory framework for the I-Drive area.

This discussion item is for information purposes only and no action is requested.
