SUBJECT: Ratification of Purchase Order M75807, Emergency Security System Installation at Corrections

ACTION REQUESTED:

Ratification of Purchase Order M75807, Emergency Security System Installation at Corrections with Rocha Controls, in the estimated amount of \$400,480.22.

PROCUREMENT:

Emergency installation of a replacement security system in the Genesis and Horizon building complexes. This equipment is essential to monitoring the doors and controls for 768 inmates. Replacement of this equipment is critical to operational and public safety.

FUNDING:

Funds are available in account number 1023-081-4022-6438.

APPROVALS:

The Information Systems and Services Division concurs with this recommendation.

REMARKS:

The security system currently being replaced was commissioned with the building construction in the 1980s. On August 7, 2015 this equipment suffered extensive lightening damage. The system was repaired. However, it is currently operating at only 65% capacity straining staff and other resources. Due to the urgency of these services it was approved for emergency procurement and the work is ongoing.

The following quotations were received for this procurement:

Rocha Controls: \$400,480.22 (Genesis & Horizon Facilities)
Black Creek: \$476,000.00 (Horizon Facility Only)

Rocha Controls is currently onsite and is performing similar work. The cost is considered reasonable based on the above quotations and staff evaluations.
