Subject: Commissioners Report: Conway Acres Wall Project

I would like to request time during the December 1, 2015 BCC meeting to present a report on a project involving FDOT, Orange County and the Conway Acres subdivision.

Conway Acres is located near the intersection of Hoffner Avenue and Semoran Blvd. and lies along the path of the Hoffner widening project.

An opportunity exists to provide a wall along Hoffner through a partnership with FDOT. It is a complex process which I would like to explain to the Board ahead of any future agenda items.

Thank you.
