SUBJ: Establishment of a "No Parking" Zone on Shawn Circle

The Orange County Fire Marshall has evaluated on-street parking conditions on Shawn Circle in the Tanner Crossing Community in northeast Orange County. The Fire Marshall conducted this review after receiving public safety complaints from the Homeowners Association related to delayed response times.

Tanner Crossings subdivision is located east of UCF. A significant number of the homes on Shawn Circle are rented to UCF students. Most of the streets in the community have parking restrictions approved by the Board of County Commissioners. Property owners on Shawn Circle have not voted to install a "No Parking" zone. Therefore, Shawn Circle experiences a large amount of on-street parking by people residing on this street and from other restricted streets in the community resulting in difficulty passing, vehicles blocking driveways and vehicles parked on sidewalks creating other safety concerns.

A safety review was conducted at 5:30 a.m. by Engine 65 to review fire apparatus access. It was determined that the narrow lane widths and cars parked on both sides of Shawn Circle made it difficult for the fire engine to maneuver. Crews had to exit the engine on more than one occasion to ensure clearance. Therefore, the Fire Marshall is recommending that the Board approve the installation of a "No Parking" zone on one side of Shawn Circle as shown below.

Action Requested: Installation of a "No Parking" zone from 12:00 a.m. to 8:00 a.m. on Shawn Circle south of Kristenright Lane on the odd number address side of the road from Kristenright Lane (W) to Kristenright Lane (E); Installation of a "No Parking" zone from 12:00 a.m. to 8:00 a.m. on Shawn Circle north of Kristenright Lane on the north side of the road from Kristenright Lane (W) to 3933 Shawn Circle; and Installation of a "No Parking" zone from 12:00 a.m. to 8:00 a.m. on Shawn Circle north of Kristenright Lane on the south side of the road from 3933 Shawn Circle to Kristenright Lane (E). District 5.
