A handwritten signature in black ink, appearing to read "A. Hunter", is written over the "FROM" field.

SUBJECT: Capital Improvement Projects at the Orange County Animal Services Shelter
Discussion – July 12, 2016

The Orange County Animal Services (OCAS) Shelter plays an important role in the housing, medical care, and adoption process for thousands of animals in the county. OCAS also welcomes tens of thousands of visitors annually. Recently, there have been concerns for ventilation and cooling systems within a portion of the facility.

On July 12, 2016, the Health Services Department and the Capital Projects Division will present to the Board of Commissioners the findings of a study evaluating these concerns and address potential solutions.

Please contact me directly if any additional information or details are needed.

ACTION REQUESTED: Approval to move forward with the design and construction of both the Animal Services Building 300 Ventilation Upgrade project and the adjacent Interaction Yard Shade & Turf project.

CH/sb

Cc: Ajit Lalchandani, County Administrator
George Ralls, M.D., Deputy County Administrator
Sara Flynn-Kramer, Manager, Capital Projects Division
